

School Improvement that Builds Brighter Futures

At Totus Solutions, we support schools and trusts in delivering **sustainable, high-impact school improvement strategies**. Our tailored approach helps schools enhance **leadership, teaching quality**, and **student outcomes** while navigating the evolving educational landscape.

Essential Pillars of School Improvement

Leadership & Governance

- Strengthening senior leadership teams and middle leaders
- Developing governance structures for accountability and impact
- Coaching and mentoring for leaders at all levels

Teaching & Learning

- Curriculum design, delivery, and assessment for progression
- Embedding high-quality teaching strategies for sustained improvement
- Effective use of data to drive student outcomes

Inclusion & Wellbeing

- SEND strategy and inclusive classroom practice
- Mental health and wellbeing support for students and staff
- Behaviour and attendance improvement strategies

Strength in Collaboration

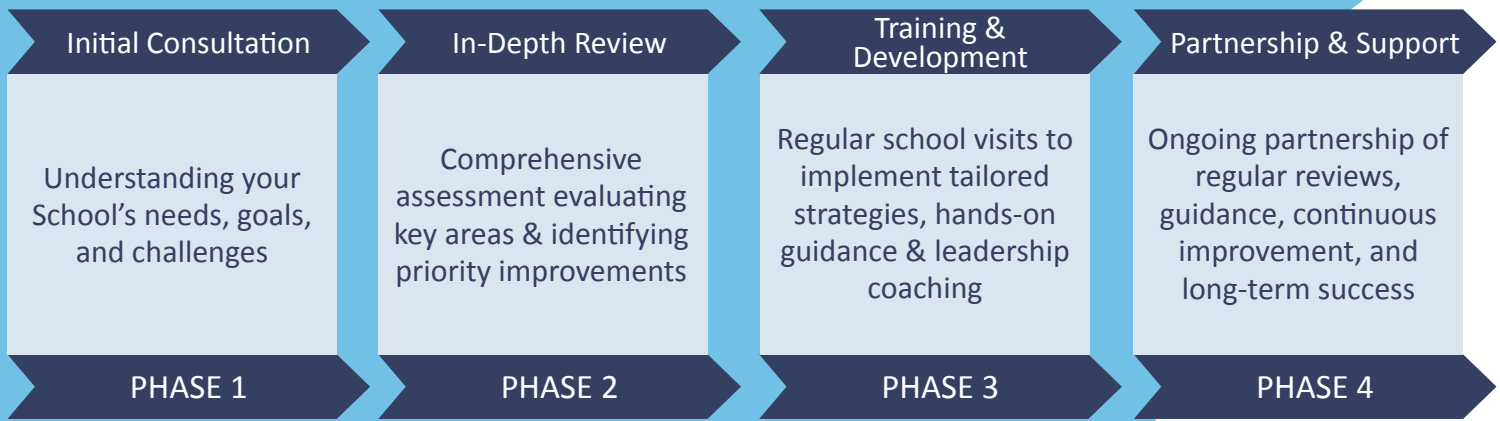

- External peer reviews to identify strengths and areas for growth
- Best practice sharing across schools and trusts
- Collaborative professional development programs

Ofsted Readiness

- Preparing for inspections with mock reviews and action plans
- Strengthening self-evaluation and school improvement planning
- Ensuring compliance with the latest educational standards

Through our **side by side** approach, we work closely with school leaders and staff, offering **hands-on guidance** and **collaborative** support every step of the way. This **partnership-driven** model ensures that improvements are embedded for **lasting success**.

Our Approach

Our structured, step-by-step approach ensures a thorough review of your school's leadership, teaching, and overall performance. From initial consultation to tailored recommendations and ongoing support, we help schools drive sustainable improvement and achieve lasting success.

Key Benefits to Your Trust

- Develops strong, effective leadership and high-quality teaching
- Offers independent evaluation and clear evidence to support Ofsted inspections
- Pinpoints specific strategies to accelerate student progress and raise attainment.
- Embeds a results-driven culture of improvement and development.

Why Choose Totus Solutions?

Jo's expertise and insight have been invaluable in driving real, measurable improvement in our schools. Her strategic approach and deep understanding of effective leadership and teaching have helped us refine our practices and boost student outcomes. The support she provided was not only practical but also tailored to our Trust, making a lasting impact on our pupils and staff. We now feel better equipped to continue improving and achieving our goals.

G.P, Director of Education, MAT

With extensive experience in senior leadership roles across education, Totus Solutions understands the challenges schools and trusts face.
